Rewarding Safe Acts Program

The goal of the program is to reduce university accidents and injuries by increasing awareness of safe acts and behaviors and providing instant recognition.

**Starbucks gift cards in $5.00** increments were supplied by the University of California, Office of the President as part of the Be Smart About Safety Program.

The program specifies that awards may only be given for an exceptional safety or loss prevention related act. Starbucks gift cards are given to faculty, staff and students who are observed demonstrating safe behavior (examples include, but are limited to):

- Demonstrating superior safe behavior
- Identifying an unsafe situation to prevent others from committing unsafe acts
- Identifying possible safety hazards or near misses
- Engaging in safety-focused activities that foster a safe working environment on campus

**Restrictions:** Recipients are limited to receiving a Rewarding Safe Acts reward two times per calendar year.
