Are you eligible to Donate?

Give Blood. Become a HERO for LIFE.

Who can donate blood?
Blood donors are healthy men and women who weigh at least 110 pounds and are 17 years or older. Anyone who is at risk of catching or spreading AIDS must not donate blood. A photo ID, including a student ID or driver’s license is required.

### Indefinite/Permanent Deferrals

- Persons who had hepatitis at or after age 11
- Persons who have had melanoma cancer
- Persons who have had leukemia or lymphoma
- Persons who received chemotherapy
